

FOURTH GRADE WEBSITE AGREEMENT

Computers are being used as learning tools in our classroom and a website is being created to make information available to both parents and students. Parents can, and are encouraged to, follow the classroom assignments/objectives of the classroom and maintain contact with teachers. Students will be able to review assignments and due dates, as well as see examples of projects required of them. Before we can post any information from students, parental permission must be given. First names only will be used when posting items on the website. Please check the boxes below to grant permission for posting information to our website.

- My child's picture may be posted on the 4th grade website.
- My child's first name may be used on the 4th grade website.
- My child's projects/assignments may be posted on the 4th grade website.

Student's name: _____

Student's signature: _____

Parent's signature: _____

Date: _____
